MADE TO PERFORM IN YOUR KITCHEN

## Makes the most of the kitchen.

**For those serious about cooking, walking into a cooking store is like a kid walking into a candy store - you want everything. When you set up your new kitchen, you need to purchase the top 10 must have Kitchen appliances. These appliances help to make life simpler and more comfortable in your new living space. There are many gadgets and appliances advertised on the market. They are quite appealing in looks and good in performance. Beware that the more gadgets you have, the more cluttered and less practical your kitchen becomes. In order to make your kitchen useful and well-appointed, just have several must-have appliances that you will actually enjoy.**

# BUILT-IN HOBS

WHERE THERE'S A SMART *Kitchen hood*  
There's a healthy food

**COOKING** involves a lot of smoke and especially in the case of Indian food, where the amount of frying and spices is a little too much, it can be really sticky and greasy. While the sound of spluttering tadka gives an irresistible aroma and taste. And this is where a **DEXOVIT Kitchen Chimney** steps-in as appliance that absorbs smoke and makes your kitchen free from oil, smoke and odour.
